Hi guys, I'm going to a DT concert in two days, and I looked up the songs they mostly have been playing on the Progressive Nation 2009 Tour, and it turns out half of them are on the three albums I don't have! I need "Systematic Chaos", "Six Degrees Of Inner Turbulence", and "Train Of Thought". If you guys have AIM, please instant message me at BirchBoy0925 (my screen name), you can send music over AIM (for those of you who don't know). Please respond quickly, and thanks in advance.
