Hi folks!

I'm delighted to announce that my new Prog podcast - Progzilla - is now available.

The Progzilla Podcast is a monthly audio magazine, featuring new, forthcoming and recent music, news, reviews, tour, festival and release dates, interviews, competitions, the occasional classic track and much more. Edition one is out now and edition two should be ready at the beginning of October.

Featured artists this month include Riverside, Dream Theater, The Tangent and IQ.

The next edition will include an exclusive interview with the one and only Steve Hackett.

The podcast is available in both MP3 and M4A flavours. The M4A (for all you iPod/iTunes/iPhone users) is enhanced to include chapters, cover art and links to the artists featured.

For more information, please visit <http://www.progzilla.com> or search for 'Progzilla' on iTunes.

Kind regards and keep on progging! B->
